

## Nominate a Representative

We need your help to make EuroPeers UK a truly open network based on partnership with everyone who understands the value of international youth and education activity. You will benefit by:

- empowering young people as the official links facilitating a flow of information between partners
- extending the range of follow-up and "next step" opportunities you can offer to young people
- having a louder collective voice on Erasmus Plus, ESC, and international youth work related issues
- promoting your own activities and results to a wider audience
- making it easy for more young people to become EuroPeers
- featuring your organisation on the EuroPeers UK website and social media

## The nomination process

It's simple, safe and in line with privacy and data protection standards.

1. Email [europesuk@momentumworld.org](mailto:europesuk@momentumworld.org) with simply the name of your chosen Representative.
2. Ask your Representative to register as a EuroPeer at <https://bit.ly/2Z5hFe0>
3. We will get in touch with them with more information.
